In REFERENCE to those international LAWS, Mr Putin, you would discover that Kosovo remains
LEGAL SOVEREIGN Serbian Territory -- AND you would also be aware that this is where the
ZIONIST/PLUTOCRATIC push began -- from the staged and clearly orchestrated invasion of the
Balkans -- then to Iraq and on -- WITH THE SAME TRANSPARENT FEEBLE STRATEGIES that have
been EXPOSED time and time again!

So who are you addressing, Putin, ill-informed Americans or the world which knows a damn sight
better? You allow traditional ally and slav cousins to be OPPRESSED by Western forces in Serbia
TODAY when you could enforce EXISTING LAWS and assist Serbia in RESTORING its sovereign
territory, which was ILLEGALLY appropriated by thieves and terrorists, USA/KLA/NATO!

Where are you Putin and who do you really serve, as your NON-actions betray the REALITY not the
thin rhetoric that issues from your COWARDLY, criminal mouth?

The LAW supports you and China, Putin, DEFEND YOUR ALLIES, you LAME, cowardly superpowers
-- start where it all started in the Balkans, restore Kosovo to its rightful owner and follow the same
illegal course the Americans took but remedying the situation according to EXISTING LAW as you
go, you despicable coward and corrupt deceiver!

ACTION IS REQUIRED NOT MORE TRANSPARENT RHETORIC!
