Known servant to the ruling elite plutocracy, Tony Abbott, the new Oz PM, has been given his [instructions](#) and they reduce to one word, AUSTERITY for Oz!

Tony Abbott and his boss, Rupert Murdoch

Readers would note that this policy has been implemented in numerous European nations and NZ. Entire populations have been reduced to slave status by simply squeezing real wages and increasing costs on everything -- Aussies have already noticed the outrageous spikes in household and business energy costs, food and other basic necessities, while real income has remained relatively static over the years.

Austerity may be well and good for the bankrupt economies of Europe and other nations but Oz is a booming economy for the Corporations and Banks, they have been making trillions in combined profits per annum, for decades -- it's a race to rape and ravage this nation of all its finite wealth and pick its bones clean; that is the nature of greedy Corporatism, but where are the people?

People should note that hardly a penny of these ENORMOUS PROFITS is seen by average Australians that actually OWN the nation's wealth -- yes, that's right, the people of the 'COMMON-WEALTH of AUSTRALIA' are the rightful owners of all the nation's natural wealth but the ruling plutocrats and corporations that control both major political parties do not wish that knowledge to become widespread as they consider themselves to be the rightful owners of what they plunder and pillage from the nation/people.

Just look to the profit reports of all the major corporations in Oz and then sicken at the non-performance based bonuses and salaries their executives give themselves and wonder no more about political corruption and the inequitable distribution of wealth in Oz!

Tony Abbott intends to repeal or reverse any increased taxes on the Corporations and Banks as he is their man, which actually makes him guilty of TREASON! Please note that Abbott was elected by the people to serve the people, not to serve the interests of minority elites/plutocrats!

Abbott has always been a dutiful servant to the elites and will slash according to THEIR plan BUT AUSTERITY is NOT JUSTIFIED by any stretch in bountiful Australia -- it is simply a means of economic social control, keeping the masses enslaved and compliant.

Oz once had a REPRESENTATIVE people's party (the ALP) that would mobilise workers and prevent corporations and other elite interests EXPLOITING the people and nation but no more, the last four

Labor PMs have all been servants to the same interests that control Abbott today. However, the solution is simple as always, either the Labor party is RESTORED to a true REPRESENTATIVE PEOPLE'S PARTY or a NEW PEOPLE'S PARTY must be formed to REPLACE IT -- do not think it difficult to accomplish -- AS it is CLEAR after the recent, tragic, no-real-choice elections that a huge vacuum exists for a REAL AUSTRALIAN REPRESENTATIVE PEOPLE'S PARTY and the establishment of REAL UNIONS that are not in the pockets of management!

This great nation and its very fair and practical people could easily restore real democracy, justice and fair play to Australia if they were of a mind.

Aussies are not fearful slave yanks or oppressed Asians and Europeans, this small but highly capable nation has an opportunity to show the WORLD how it should be done -- destructive elite rule and greed must be eliminated if the nation, indeed the WORLD, is to really prosper in the future. BEGIN by forming effective co-ops, unions and COMMUNITY GROUPS; restore the 'fair go for everyone' ideal that has made this country unique and great! Either force the Labor Party to return to its traditional values and support base or dump it completely.

[Disseminate this message to all Aussies.]
