

The Sickness is Conservatism

by reg Wednesday, Oct 2 2013, 1:08am

international / prose / post

It should be noted at the outset that all religions are conservative by nature -- a closed loop -- that is where the expression 'living in a box' originated! Conservatives FEAR the radical or the unexpected and so formulate contractive policies they imagine give them control and justify their perverse actions.

The most evil and dangerous groups are ultra-conservative religious and secular fanatical political groups -- they share a rabid, mindless fundamentalism which to their warped, sick minds justify all manner of evil and abhorrent behaviours. Bear this in mind when viewing this tragic video and be very COGNISANT OF THE FACT that these groups are Obama's ALLIES!

Crimes against children are the most inhuman and heinous crimes of all. All religious and political fundamentalists worship the same SICK 'GOD' regardless of outer appearances -- killing 500,000 Iraqi children, "was worth it!" (Albright) -- remember?

As a philosopher poet I would add that we are all responsible for these crimes, if for no other reason than we ignore or sit complacently and do nothing when we know that innocent people are suffering.

There will be hell to pay, and that is not the result of any divine retribution, it is a simple, natural karmic law upon which the universe functions -- we have all heard the colloquialism, "what goes around comes around!" Well, it's TRUE!

How is it that one AMERICAN generation is able to fight, stop wars and prevail against social injustice to the point of 'impeaching' a criminal president and other generations just cower and cringe in fear? The POWER for change has not relocated, it remains with the PEOPLE!

Obama, who cares?
