

The Point

The point is not that your governments are corrupt and in the service of an elite criminal class -- that is (widely) known. Or that governments no longer represent the interests of the people -- it finished decades past. Or that government agencies and the military commit numerous heinous crimes against humanity ... etc.

Endless Discourse on the NSA, CIA, Obama, Putin and every other official criminal on the planet is a waste of time, in fact that is how ruling Plutocrats engineer or manage social behaviours -- while we're all talking we are NOT DOING! The criminals have been identified time and again and so too the ruling plutocracy, Zionist Bankers and Wall St Corporatists. Continuous accusations and circular discourse is counter-productive and endless and serves only the interests of the criminal class. There comes a time when ACTION IS REQUIRED!

The POINT IS, what are we going to do about the KNOWN, PROVEN heinous crimes already committed by high officials and their masters?

To everything there is a season, and the season for JUSTICE has ARRIVED.
