open message to ALL alternative commentators, analysts and journalists

The above title should finish, 'TO GET THE MESSAGE ACROSS?'

Most alternative commentators are acutely aware of the REALITY of a global plutocracy and that all western governments are owned by that plutocracy -- that especially applies to Washington. In other words, Obama and all other western leaders are PUPPETS to a wealthy (criminal) ruling elite, a plain as day reality today!

The above reality is no secret; CFR Murdoch for example, prances around the globe installing puppet leaders in Oz the UK, US, NZ, Europe, etc etc -- plutocrats are so brazen today they do it in plain sight, even the moronic masses are slowly becoming aware of the existence and power of the global plutocracy and its Reserve, Central Banking apparatus.

Now if we desire to improve the current tragic world situation would it not be advisable to resist the temptation to play the plutocrat's game and identify puppet leaders as somehow 'real' independent leaders? The following is not an isolated instance, I see it time and again in numerous ALTERNATIVE media -- an article by an extremely capable commentator, is titled, "**Empire Under Obama: America's 'Secret Wars' ...**" IT SHOULD read "Empire under PUPPET or SERVANT Obama ..." to get the message across; this is not rocket science!

Plutocrats love it - deflection! Kissinger protégé, PUPPET and SERVANT to the global plutocracy, OBAMA, is depicted as responsible for policies that are handed to him by the real ruling elite -- in REALITY Obama is simply a very OBVIOUS ERRAND BOY!

If you wish REAL change then for FUCK'S SAKE **IDENTIFY the PROBLEM accurately at ALL TIMES**; that is, those RESPONSIBLE NOT their puppets/servants!

As Thoreau accurately said "*.. strike at the [fucking] root!*"

Once CRIMINAL plutocrats are fully exposed, routing them is simply a matter of course -- all western leaders should henceforth be referred to as puppets or servants of the criminal plutocracy at all times -- don't YOU think?
