Go ask a vet for advice First!

This is for all those youths mesmerised by Hollywood propaganda and fictitious presentations of war -- the reality is very different, horrific and soul-destroying in fact!

The number one killer of American troops in all current theatres of war is SUICIDE!

Hollywood and the mass media go to great lengths to avoid this shocking REALITY, but it's impossible to hide -- fighting civilian killing criminal wars for the profit of white-collar elites on Wall St is about as low as you can go!
